Part	Part Identification	Location -	Orientation -	Progression -	Placed *	Other ~	Part	Part Identification	Location ~	Orientation -	Progression ~		
					wrong					Unsure about			Double vision
	Thought he needed to				orientati on, used			Chose wrong legs		orientation of			from
	use the other legs		Unsure about		wrong		legsRightLegs	initially		legs			glasses?
legsRightLegs	here		rotation		legs								
		Placed in			Placed in wrong								
tightenerScrew1		wrong hole			hole								
tightenerScrew2 tightenerScrew3													
tightenerScrew4								Briefly unsure about what part to use until					
							tightenerScrew1	used view command					
				Unsure when step was			tightenerScrew2 tightenerScrew3						
legsRight				complete			tightenerScrew4						
dowel1													
											Thought that		
											had to put		
				Skipped step as was unsure			legsRight				other legs on at this point		
				ifitwas			dowel1						
dowel2				different part			dowel2 dowel3						
dowel3					Placed in								
			Placed in		wrong								
			wrong		orientati								
backBoard			orientation initially		on initially								
								Unsure about which part to choose, used					
								view command to					
							backBoard	work it out					View is
	Had to choose												too far
	between 2 parts but made correct											Placed in	away, screw
underDrawerConnector								Required help to get		Placed in		wrong orientati	hint not
tightener1							underDrawerConnector			wrong orientation			obvious enough
tightener2 midShelf							tightener1 tightener2						
tightener3							again and a						
tightener4													
dowel4 dowel5													
dowel6								Chose right part at first but became					
legsLeftLegs							midShelf	unsure about decision					
tightenerScrew5 tightenerScrew6							midsneif tightener3	decision					
tightenerScrew7							tightener4						
tightenerScrew8							dowel4 dowel5						
legsLeft tightener5							dowel6						
tightener6													
tightener7													
tightener8											Full assembly		
											appearing vertical caused		
							legsLeftLegs				confusion		
			Very briefly				tightenerScrew5						Quite
			unsure about				tightenerScrew6 tightenerScrew7						good fun
			rotation of whole table at				tightenerScrew8
